SPECIFICATION FEATURES

A...Housing

All aluminum construction with 18" of flexible conduit attached to a cylindrical ballast/wiring enclosure. Perforated metal plasterframe adjusts for trimless mounting in 1/2" - 3/4" drywall.

B...Trimless Fixture:

3.2" o.d. round trimless fixture with regressed black baffle. Perforated metal plasterframe allows ceiling compound to be applied directly to the edge of the fixture. Finished in white, black, industrial silver, stainless steel (painted), and primer for matching to existing ceiling color.

C...System Protection:

Thermal protection inside housing. Vent holes in housing provide cooler operation. All aluminum construction provides overall reduced temperatures.

D...Electrical

Electronic metal halide ballast housed in a separate metal enclosure. Enclosure includes a separated wiring compartment and entry for primary leads.

E...Lamp

CMHMR16 Metal Halide in 20 watts. (not included). GX10 twist-lock lamp socket for firm, mechanical lamp connection. Can accept up to two (2) optical accessories.

Ceiling Cut-Out: 3.50" dia.
